

MTA 251 Squarewave AC/DC Tig Welder

This single or 3 phase 250 amp tig welder is suitable for all professional tig welding applications, it can produce the highest quality welds on a very wide range of ferrous and non ferrous materials. It also has advanced features such as pulse, slope balance, digital read out etc, this machine is not inverter based

- Infinitely variable current control
- up and down slope control
- torch trigger latching
- post gas flow control
- tig/mma switch
- electronic pulse HF
- balance control
- pulsed welding
- digital amp meter
- Amperage range 10 - 250A
- Duty cycle @ 60% 190A
- Duty cycle @ 35% 250A
- Open circuit voltage 75

Approx size 890mm H x 600mm W x 740mm L
this machine comes with torch and regulator.
Options: foot pedal, water cooling
