

# MTA Tig Start 180i HF

## This machine turns your Inverter Arc Welder into a HF Tig Welder.

The Tig Start 180i HF is a light duty Tig box which runs off the arc voltage of any DC constant power source, including MMA, Inverter, and engine driven machines. No additional power supply is needed. No more gas valve torches, wasted gas, contaminated tungstens, etc.

- Adjustable Gas post flow
- HF Arc Ignition
- Input Voltage - 45 - 110 Volt DC
- Welding Range - 5 - 180 Amps
- Duty Cycle - 180 Amps @ 35%
- Dimensions - L180mm x W215mm x H160mm

Please Note - this machine does not come with the tig torch (WP17) or earth lead
